

Kansas Newborn Hearing Screening (NHS) Programs

Disclaimer:

The purpose of this publication is to illustrate the newborn hearing screening programs in birthing hospitals in Kansas. A hospital is defined to be performing newborn hearing screening when a screening is provided for babies born or transferred to the hospital before they are discharged. This map product is provided without representation or implied or expressed warranty of accuracy for any uses beyond those expressed. The originating agencies are not responsible for publication or use of this product for purposes other than those expressed. This product may be corrected or updated as necessary without prior notification.
